- Proper camping Schedule to be followed for each camp.
- Individual Camp Report for all the Camps.

DAY 1 :Name of the Village:PUTHUR

Morning Session

On the first day of the special camp in forenoon session, an opening ceremony was been conducted in that village by the NSS team. In that ceremony school HM, campsite in charge and all students participated in the ceremony. Small introduction and activity about what we are about to do in that village was given.

Evening Session

On the afternoon, the NSS team took the students to a village. The team asked the students to conduct an overall survey of the entire village house by house. The students interacted with the residents and got to know details about their families, occupation, transport, means of communication, assets, water and food.

DAY 2 :Name of the Village:PUTHUR

Morning Session

We have planned to clean library of the village. Hence library serves as a knowledge base and enlightenment for future generation. So we have planned to clean them and to arrange them properly according to knowledge gained from them.

Evening Session

We have planned to create awareness among the student. So, on behalf of the CANCER day we planned to create an awareness of cancer. Hence we also shared them about types of cancer, properties and how to prevent them. Then we also conducted some games for the entertainment and we closed our second day activity.

DAY 3 :Name of the Village:PUTHUR

Morning Session

We have planned to clean school surroundings of that village. School is the place where our nation's future is been building up and were our future doctor, engineer etc. are been created, thus surrounding of that school has to be kept clean. Hence we planned to clean school and to make it as a litter free zone. We cleaned the surrounding of it and made a nice environment for school students to study peacefully.

Evening Session

We have planned to clean the village and to give school students some knowledge of computer and basics in computer. In village cleaning we cleaned village and its surrounding to make it litter free zone and to give villagers a healthy and good environment to live. Then, latter to plan to give some basic knowledge about computer and how to operate them on finishing of this we are happy that students learnt how to operate computer.

DAY 4 :Name of the Village:PUTHUR

Morning Session

On the fourth day of the camp in forenoon session, we planned to plant some saplings around school and villages. As we were used to that village we already made village into litter free zone and now we planned to reduce pollution in that village. Hence trees are best purifier of air and it will reduce the pollution a lot. So we planted a number of saplings in the village and school surroundings and it will make village into a pollution

Evening Session

We planned to explain the bad effects of using plastics and how to reduce use of plastic in a day-to-day life. We planned a rally to explain the bad effects of plastic and also how to eradicate plastics in our life. Hence on behalf of it we conducted a drawing competition among the school students. Thus, we conducted a drawing competition on topic of plastic eradication and help school students understand usage of plastics.

DAY 5 :Name of the Village:PUTHUR

Morning Session

On the fifth day of camp in forenoon session, we planned to give fresh atmosphere for the villagers and school students. We cleaned the school and village surroundings but something was still looking bad in and gave an older look. So we planned to give a new painting coat for water tank in village and to clean in the dust and gave a new coat of paint in school as well.

Evening Session

On the fifth day of camp in afternoon session, we planned to give some knowledge about self employment for the villagers and school children. Because, India has been a largest populated country expecting of employment in available vacancy condition is impossible. So, we planned to give some knowledge about self employment so we gave knowledge on mushroom cultivation for villagers and its benefits of cultivating it.

DAY 6 :Name of the Village:PUTHUR

Morning Session

On the sixth day of camp in forenoon session, we planned to arrange blood identification camp for school students. Hence identifying blood group of an individual will always be helpful for some other person in an emergency situation. So with the help of our college faculties we arranged an blood identification camp for school students and identified nearly 100+ person blood groups in that camp.

Evening Session

On the sixth day of camp in forenoon session, we arranged for closing ceremony. We summarized all our activities we have done in that village and school. We also thanked villagers and school students for co-operating with us and also helped us to serve them better. They also supported us in all our activities, and we also thanked for their willingness on us to serve them
